

**FRESNO, CALIFORNIA
CLASS SPECIFICATION**

WASTE CONTAINER MAINTENANCE WORKER

FLSA STATUS:

Non-Exempt

CLASS SUMMARY:

The Waste Container Maintenance Worker is the second level in a three level Utilities Waste Container series. Incumbents are responsible for performing skilled work in fabricating parts needed to perform the repair and maintenance of waste containers, and welding containers.

The Waste Container Maintenance Worker is distinguished from the Waste Container Maintenance Assistant by its responsibility for performing semi-skilled container repair and maintenance activities. The Waste Container Maintenance Worker is distinguished from the Senior Waste Container Maintenance Worker, which is responsible as lead worker, for making work assignments, overseeing the work of other Waste Container Workers, training, ordering and distributing supplies, preparing reports, and performing administrative tasks in the absence of the supervisor, and for performing semi-skilled work in the repair and maintenance of waste containers.

TYPICAL CLASS ESSENTIAL DUTIES: (These duties are a representative sample; position assignments may vary.)
